# CITY OF LAS VEGAS PARKING INFORMATION

## City of Las Vegas Parking Information

The city of Las Vegas recently installed in the downtown area new multispace meters that accept credit and debit cards, as well as coins. These solar-powered meters enable users to print receipts. The meters also allow residents and visitors to use a mobile device app, ParkMe, to see where on-street downtown parking is available in real time. The app can be downloaded for Android or iPhone and can also be viewed at **parkme.com**.

Hours and days of operation for parking meters vary. Visitors should refer to the information posted on the parking meter. The city of Las Vegas offers free metered parking on major holidays.

## Handicap/Disabled Parking

- As a courtesy, drivers with handicap plates/placards are allowed four hours free at **on-street** parking meters in the city of Las Vegas. Drivers with disabled veteran or prisoner of war license plates — including those from other states — are exempted from parking (including meter) fees.
- You must have a government-issued disabled person's plate/placard to park in a handicapped space. These plates/placards may only be used by the person to whom they are issued. The minimum fine for illegal parking in a handicapped space in Nevada is \$250.
